Contents

1. Installing the INTEGRAL Trust CA Certificate	5
2. Logging into Integral Suite	6

1. Installing the INTEGRAL Trust CA Certificate

INTEGRAL SUITE uses a public key certificate, usually just called a certificate, for authentication. Therefore, a certification has to be installed before you can access INTEGRAL SUITE.

- Go to C3 INTEGRAL- Delivery Resources and download the certification to your desktop.
- *Double- click* on the 'integral.crt' certification file (*This should open a window shown on the right*)
- Click the "Install Certificate..." button (*This should open another window*)
 - i. Click Next button to proceed
 - ii. Select 'Place all certificates in the following store' and Click Browse
 - iii. Select 'Trusted Root Certification Authorities' and click OK button
 - iv. Click Next button and click Finish button to complete the installation
 - v. Click OK buttons to close the windows

2. Logging into Integral Suite

- Use the URL to access the Integral Suite - <http://integral.csc.com/portal/public/Integral/>

- Click on 'Employee Login' Icon and you will be brought to the User Login screen

The login screen features a large blue diagonal graphic on the right side. The CSC logo is in the top left corner. The word 'INTEGRAL' is prominently displayed in the center of the blue area. Below the logo, there are input fields for 'UserID' and 'Password', followed by a 'Login' button. At the bottom left, there is a link for the 'Password Management System'. At the bottom right, the text 'Financial Services Group' and 'CAS 1.1.3-SNAPSHOT' are visible.
